

PIN Reset Procedures For Customers Using the Interactive Voice Response System (IVR) And Internet Payment Status Site

To ensure confidentiality and security, all requests to reset PIN numbers for either system must be in writing. The request must be (1) signed, (2) dated, and (3) accompanied by a copy of both a photo ID and official documentation of a social security number. One document, such as a driver's license, can be used if it contains both items.

The Request must state if it is an IVR or Web reset.

Web Pin Reset Requests must be submitted using the form available on the Web Payment Status Internet site.
